

Weekly Technical Report

Name: Gumato Roba

Week: Tuesday[8th June] – Friday [11th July]

Projects Covered: Diff, Lapland & Design

1. Summary of the Week

Brief summary of overall work, accomplishments, and key focus areas.

This week I focused on personal growth by learning new skills, proactively engaging with clients, and embracing challenges as opportunities.

2. Technical Tasks

Task Description	Project	Status	Outcome/Notes
⚙️ Added more expenses for Diff Nairobi	Differential Auto Parts- Eastleigh	✅ Completed	Added two more expense with its corresponding account
🔗 Tested the commission on sales for diff eastleigh, took them through how it works	Differential Auto Parts-Eastleigh	✅ Completed	
Presented the brochures to the team and got feed back I have worked on the feedback and designed the logistics Management (A different design/UI)	Design -Ethos	✅ Completed	Two of them shared to Boss Karama Yet to present to the team

Designed UI for our Task Management system	Design-Ethos	✓ Completed	This is an internal initiative
--	--------------	-------------	--------------------------------

Status options: ✓ Completed, ⌚ In Progress, NEW Started, ● Blocked

3. Issues or Blockers

Pending work:

- Lapland has not yet shared the
 - Diff Eastleigh has not yet shared the stocks for respective warehouses
-

4. Learnings & Improvements

Improvements: I need to push clients on the pending work especially the stock from Diff

Learnings: Start learning Laravel (I want to venture into programming)

5. Next Week's Plan

Import all the data for Lapland and complete it (I have added the Company details)

Do more support

Stock for warehouses from Diff
